Re: Benford UV

To whom it may concern,

We have been running with the Benford UV (dual UV System) on our new Komori SX29 since the summer of 2013. Since the installation we have found the system easy to operate and maintain.

The Benford team has been very professional and helpful. Using both systems allows us to be very versatile in our day to day operation.

The Benford system has been an upgrade from previous systems used !

Regards,
